It's amazing how 100 key words and phrases provide instant communication!

Do you want to speak simple Chinese but are too busy to study it? Are you visiting China for a short time and want a phrase book to help you communicate? If so, this is the book for you.

The idea of *Instant Chinese* is simple—learn 100 words and phrases and communicate with 500 sentences. The trick is knowing which 100 words to learn, but author Boyé De Mente has solved that problem, choosing only those words you'll hear and use again and again. Even with a vocabulary this small, you'll be surprised how quickly and fluently you too can communicate in Chinese. Here's a sample of what you'll be able to do:

- Meet people
- Go shopping
- Ask directions
- Take public transportation
- Order food and drinks
- And much more!

The new manga illustrations provide visual cues for language use in context. The book also has additional materials on what's hot in China, such as "40 Places in China You Mustn't Miss," "10 Most Well-known Chinese Personalities," etc.
